Summary

Phonetics is embedded in the teaching of grammar, vocabulary, and the four skills. Would you like to re-discover pronunciation in your lesson plan? Join my webinar on August 31st. See you soon!!

The graphic is a vertical rectangular poster with a light green background. At the top left, there is a logo for CIEDA (Centro de Innovación Educativa) with the text 'Online Webinar' next to it. Below the logo, the main title 'PHONICS CAN HELP EFL LEARNERS LISTEN, SPEAK, READ AND WRITE BETTER.' is written in bold, black, uppercase letters. To the right of this text is a circular inset photo of a woman, M.A. Stella Palavecino, sitting at a desk with a laptop. Below the photo, her name 'M.A. STELLA PALAVECINO' is written in bold, white, uppercase letters. At the bottom of the graphic, there is a white rectangular box containing a paragraph of text in italics, which serves as a summary of the webinar's content.

Phonics can help EFL learners hear sounds in words, but it can also empower them with learning strategies to read and write. Once learners can distinguish L2 phonemes reliably, all spoken and written L2 input will help reinforce their L2 phonemic repertory. Not only will they become better listeners, but they will also be better comprehenders of L2 written text. Join this webinar and discover how to direct this phonetics approach to all age groups.
